ONLINE FREIGHT SOLUTIONS

The Master of Console Box

April 2024

The story of our technology

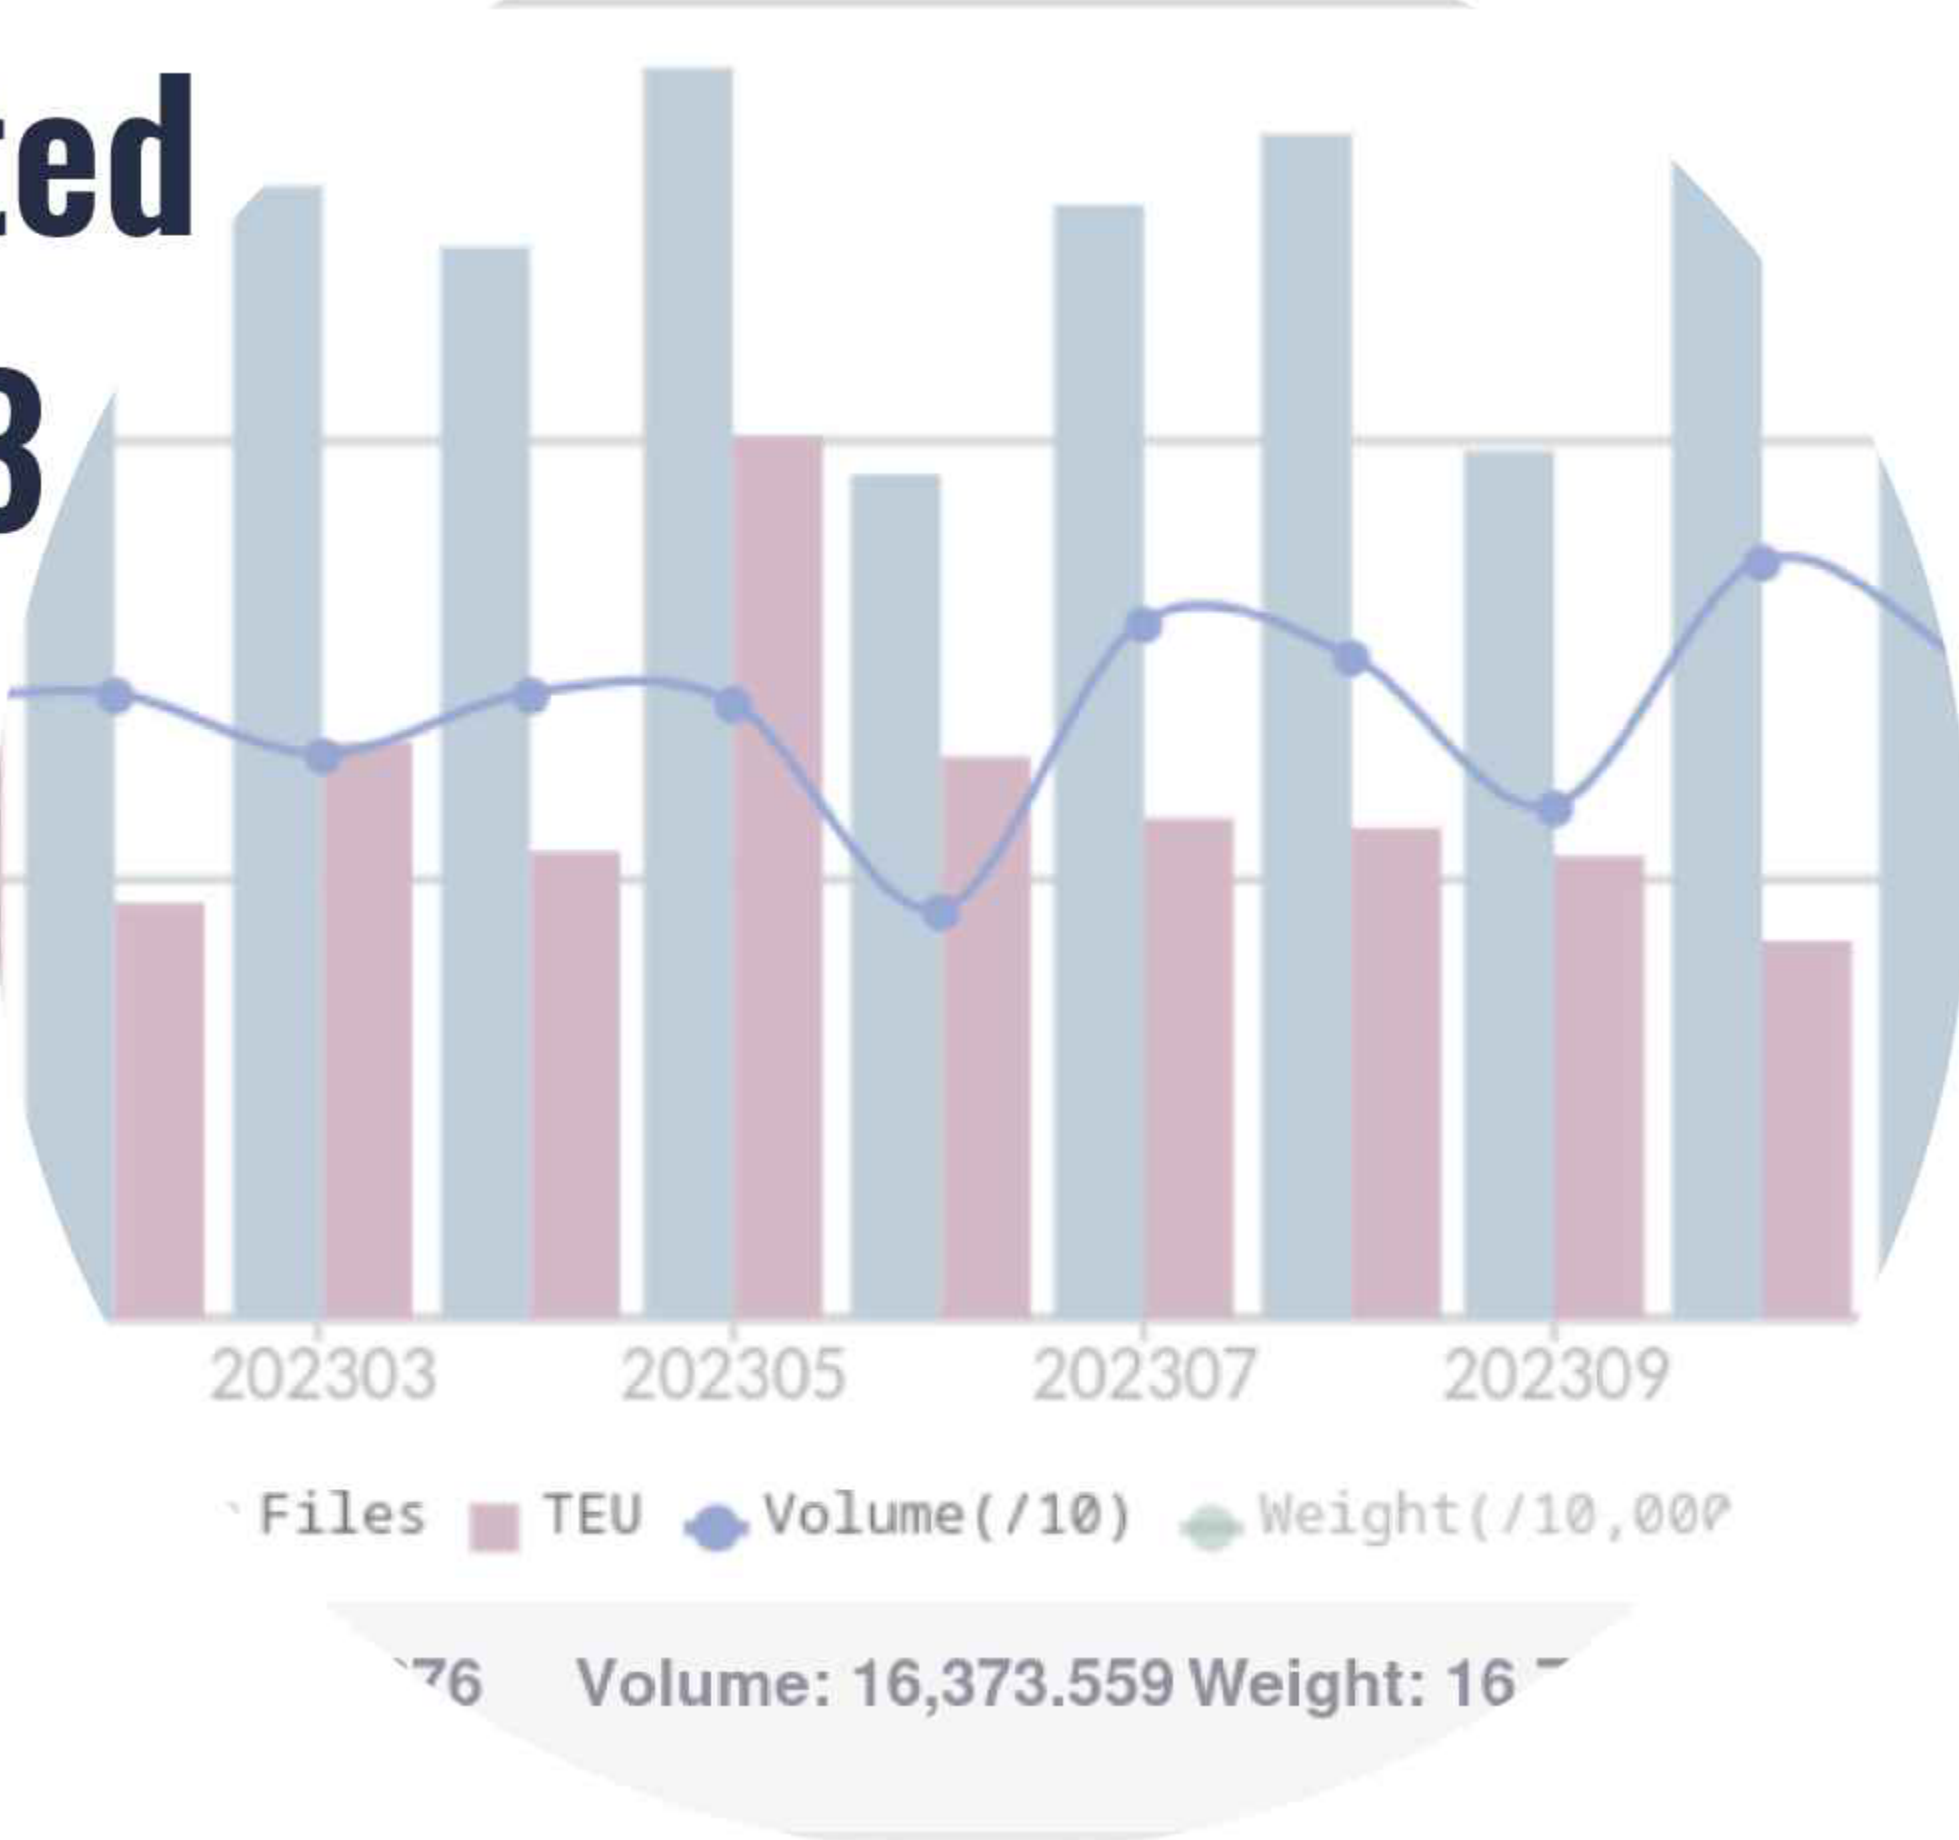

We call Turkey's digital forwarder Midas Global Logistics. You can track your shipments, get online quotes, and see our ship schedules in real time on our website <https://midasglobal.com.tr>

We also give access to agencies to track planned shipments through our portal.

In this way, we keep their hand stronger compared to their competitors.

16300 m³ Consolidated and, 3361 TEU in 2023

In 2023, our consolidated cargo volume reached 16300 cubic meters, and FCL volume reached 3361 TEU. This highlights our significant handling capacity and efficiency in logistics and container management.

Logistics Solutions

At Midas Global Logistics, we have a team of experts in forwarding services at Turkey's key ports: Ambarlı, Izmir and Mersin. No matter where you're starting from or heading to, we're ready to provide you with the best solutions. We're just a phone call away to help with any concerns you might have about pre-transportation, final-transportation, port charges, and finding affordable freight options.

While maritime transportation is our primary field of expertise, we also offer comprehensive air and road transportation solutions.

This enables us to meet all your logistics needs, providing a seamless experience from start to finish.

Join Our Community

At Midas, we support the use of technology and going digital. It helps us solve problems from the past. Even though these advances bring us together, we don't think a company should be everywhere in the world.

We choose to stay local and focus on building relationships with local agencies.

We believe in keeping connections personal and strong.

Thank you!
